

Gordon Research Conferences

2006 MEETING ANNOUNCEMENT

Reversible Associations in Structural & Molecular Biology

January 15-20, 2006
Four Points Sheraton: Harbortown
Ventura, CA

Chairs: **Gary K. Ackers & Geoffrey Howlett**
Vice Chairs: **Michelle Arkin & Colin Kleanthous**

Protein Design in Evolution & Recognition
Gideon Schreiber / Tanja Kortemme / Homme Helinga

Emerging Technologies
Carol Robinson / Jürgen Plitzko / Jin Zhang / Tony Mittermaier

Ligand/Macromolecule Complexes & Drug Design
Jim Wells / Jeffrey Huth / Jack Taunton

Single Molecule Mechanics
Ignacio Tinoco / Carlos Bustamante / Julio Fernandez / Koen Visscher

Protein/Lipid Recognition
Stephen White / Karen Fleming / Lukas Tamm / Jim Bowie

Protein Switches & Networks
Rob Russell / Heng Zhu / Russ Finley

Advances in Classic Methods
Peter Schuck / Mattia Rocco / Alexandre Bonvin

Functional Transitions in Protein-Nucleic Acid Assemblies
Dorothy Beckett / Jonathan Widom / Leemor Joshua-Tor / Andrew Feig

Special Poster Session: Selected Student Oral Presentations

Keynote Address
Tom Laue
"Are Biological Fluids Inherently More Ordered than We Think?"

Applications being accepted now at www.grc.org. Conference space is limited!
