

# HydroProt 09

**Institut Pasteur, Paris**

**June 29<sup>th</sup>-30<sup>th</sup> 2009**

The first community-building symposium aiming to bring together biophysicists, biochemists and biologists interested in the field of **macromolecular hydrodynamics, from aqueous solutions to living cells, and its implications for the understanding of biological processes**

*Open to all scientists of academic and non-academic institutions from France and neighbouring countries*

## Keynote speakers :

Christine EBEL (*Grenoble*)

Didier MARGUET (*Marseille*)

Mattia ROCCO (*Genova, Italy*)

David J. SCOTT (*Nottingham, UK*)

Claus URBANKE (*Hannover, Germany*)

Patrice VACHETTE (*Orsay*)
