

JULY

11-13

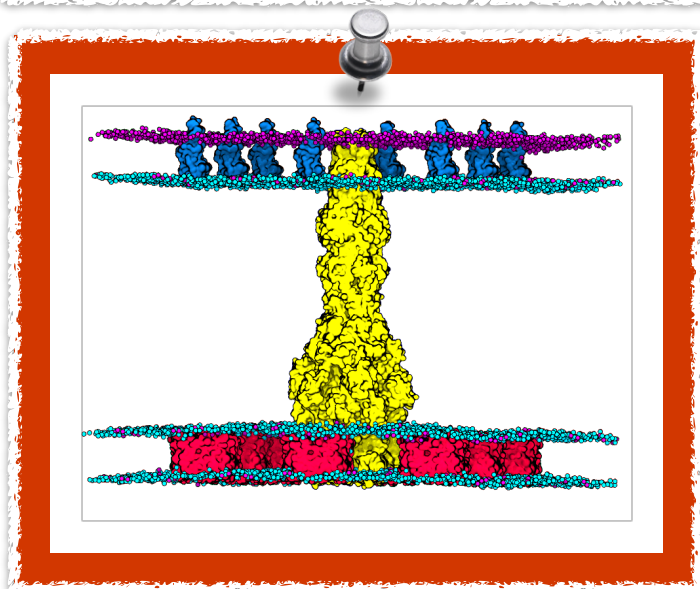

UNIVERSITY OF
SOUTHAMPTON

BBS BIENNIAL MEETING 2018

Two and half days of quality biophysics talks and posters on topics spanning a range of techniques, time and length scales and featuring three award lectures.

This year the meeting is co-sponsored by the IOP and RSC

SCIENTIFIC SESSIONS

- The cell membrane
- Inside the cell
- Whole cell and beyond
- Delivery into the cell
- Emerging imaging technologies

This year we will also be having an electronic poster session as well as the usual poster format.

Plenary lecturer: Hartmut Michel, MPI Frankfurt
Keynote speakers: Mark Sansom, University of Oxford
Kristin Parent, Michigan State University
Martin Howard, John Innes Centre
IOP award lecture: Robert Endres, Imperial College London
BBS award lecture: Lorna Dougan, University of Leeds
Sosei Heptares award: TBA

Plus lots of invited speakers and slots available for contributed talks
